EXECUTIVE SUMMARY
Office of Public Accountability’s Status of Legislative Mandates
OPA Report No. 22-07, December 2022

During the past six years, from October 2016 to September 2022, 79 additional mandates have expanded the Office of Public Accountability’s (the OPA or the Office) primary duties and responsibilities. In total, this increased the number of active legislative mandates to 120. Of these 79 mandates:

- 12 required the OPA to conduct audits;
- 42 required the OPA to provide oversight, approve, or conduct a specific activity;
- One required the OPA to be a member of a committee, group, or task force; and
- 24 required various GovGuam agencies to submit reports and other information to the OPA.

There are 67 (or 85%) of the 79 mandates that have been closed, primarily because (1) the mandates were addressed by the OPA; (2) the agencies submitted the required reports; (3) the mandates were determined to be not the best use of the OPA’s limited resources based on our professional judgment; (4) the deadlines to submit the required audits or conduct the specific activities have lapsed; or (5) the mandate was repealed by the Guam Legislature or became defunct. Seven mandates were determined to be not applicable, in the analysis because while the mandate was passed during the scope, the due date requirement is unable to determine compliance until a later date. For a breakdown of the OPA’s legislative mandates status, see Table 1.

OPA Audit Mandates

Aside from 1 GCA §1908’s requirement that the OPA is to conduct audits of all transactions and accounts of all departments, offices, corporations, authorities, and agencies in all branches of the GovGuam, various public laws during the past six years have required the OPA to conduct 12 specific audits of government activities.

Of the 12 audit mandates, nine have been addressed, and three remain open. In calendar year (CY) 2021, the OPA released nine performance audits, oversaw 28 financial audits, and adjudicated 15 procurement appeals. In addition to these, the Office was mandated to conduct as many as 21

additional audits within the year. The OPA struggles to allocate time, resources, and human resources to address many of these mandates. The OPA recommends that the Guam Legislature revisit these ongoing/periodic mandates, repeal those considered inactive and determine if those not addressed require attention.

Other OPA Mandates

The OPA serves as a watchdog or guardian to ensure the effective and efficient administration and management of public funds and programs. Aside from conducting audits, 42 mandates have expanded the OPA’s roles and responsibilities from October 2016 to September 2022. Mandates include: providing oversight of audits, broadcasting meetings, developing standards, posting to our website, submitting reports, etc.

OPA Membership Mandates

There is one new OPA legislative mandate requiring the Public Auditor (or representative) to be a member of an organization, committee, etc. Public Law (PL) 35-29 requires the Public Auditor to take part in the Appeals Board for schools acknowledged as Charter Schools by the Guam Academy Charter Schools Council. As of October 2022, there are four Charter schools in Guam, 1) Guahan Academy Charter School, 2) iLearn Academy Charter School, 3) Science is Fun and Awesome Academy Charter School, and 4) Career Tech High Academy Charter School. This mandate has been closed, as the Board is currently inactive. The Office reached out to the Guam Academy Charter Schools Council to see if there has been any activity but have not received a response as of the issuance of this report.

The status of OPA membership mandates prior to FY 2017 includes two closed and one open legislative mandate. Mandates that have been closed are PL 29-02 and 30-164, while PL 33-27 remains open. The closed mandates are due to the Public Auditor remaining as a member of the Special Economic Service (PL 29-02), and as far back as October 2016, representatives from the Office of Public Accountability attended the Guam Educational Financial Supervisory Committee meetings monthly (PL 30-164). As for PL 33-27, it remains open because the Public Auditor has not been made aware of any meetings or activities concerning the Guam Tax Commission. The Public Auditor remains an active member of all mandates requiring the OPA’s membership.

Reports Required from GovGuam Agencies & Other Organizations

Of the 24 new mandates, 20 have been closed, two remain open, and two are not applicable to the timeline of this report. Nine of these mandates were periodic, while 14 were one-time instances—effective only during the calendar/fiscal year of when the public law was enacted. One mandate is ongoing or continuous.

As a result, the OPA has 40 total mandates to receive reports from GovGuam agencies and other organizations. In total, the overall compliance of various GovGuam agencies related to reporting requirements was: 96 (or 63%) instances of compliance and partial compliance, 49 (or 32%) instances of non-compliance, and eight (or 5%) instances that are not applicable. See Table 2 for the status of agencies’ compliance.

Table 2: GovGuam Agencies’ Compliance with Reporting Requirements [2001-2022]

Compliance	Partial Compliance	Non-Compliance	N/A	Total
69	27	49	8	153

The top two non-compliant agencies were: [1st] Department of Parks & Recreation and Guam Board of Accountancy; [2nd] Office of the Governor of Guam, the CHamoru Land Trust Commission, The Foundation for Public Education, and the Guam Department of Education. See Table 3.

Table 3: Instances of Non-Compliance from GovGuam Agencies [2001-2022]

	Agency	# of Non-Compliance Instances	# of Total Instances	# of Mandates
T1	Department of Parks and Recreation	7	16	9
T1	Guam Board of Accountancy	7	7	1
T2	Office of the Governor of Guam	6	6	1
T2	CHamoru Land Trust Commission	6	6	2
T2	The Foundation for Public Education	6	6	1

T4	Guam Environmental Protection Agency	1	18	2
T4	Mayor's Council of Guam	1	7	1
T4	Office of Public Accountability	1	2	2
	Total	49		

Generally, GovGuam entities complied with the various mandates to prepare and submit reports to the OPA. With the many reporting requirements, we suggest the elimination of written report submissions by GovGuam agencies and limiting the reporting requirements to website posting at the agency level and email notifications to the required parties (i.e., Governor, Speaker, Public Auditor, etc.) with attachments. Providing financial information on websites is more efficient and effective in enhancing accountability and promoting transparency in the government. If the OPA is still required to hold oversight or manage these mandates, the Office recommends there be an incentive or way for agencies to comply. At the moment, there is no compelling reason for any other agency to submit these reports on time or at all.

Conclusion

In the six years since the OPA's last review of its legislative mandates, 79 additional mandates have been enacted, expanding the OPA's role and responsibility. The Office addressed 67, or 85%, of these mandates. While the Office recognizes the Legislature's prerogative to expand the OPA and other government agencies' roles and responsibilities, these mandates are difficult to address without time, staffing, and resources. Despite this, the OPA strives to address as many mandates given its current staff complement. Accordingly, the Public Auditor and his management team continue to assess risks and exercise professional judgment when prioritizing mandates to address.

Benjamin J. F. Cruz
Public Auditor

Introduction

This report presents the results of our follow-up review of legislative mandates enacted from October 1, 2016 to September 30, 2022, which have expanded the Office of Public Accountability's (the OPA or the Office) roles and responsibilities. The objectives of the review were to determine: (1) the status of the legislative mandates that expanded OPA's roles and responsibilities; and (2) the compliance of Government of Guam (GovGuam) agencies relating to those requirements as of September 2022. This audit takes a holistic view of legislation expanding OPA's responsibilities and GovGuam agencies' compliance with related mandates.

The objectives, scope, methodology, and prior audit coverage are detailed in Appendices 1 and 2.

Background

The OPA, established by Public Law (PL) 21-122 in July 1992, is an instrumentality of GovGuam, independent of the executive, legislative, and judicial branches. The position of Public Auditor was made a nonpartisan elected position as a result of PL 25-42, enacted in June 1999. The first election for Public Auditor took place in November 2000, and the first elected Public Auditor took office in January 2001. The second public auditor was elected in August 2018 and took office in September 2018.

The Office seeks to: (1) achieve independent and nonpartisan assessments that promote accountability and efficient, effective management throughout GovGuam; and (2) serve the public interest by providing the Governor of Guam, the Guam Legislature, and the People of Guam with dependable and reliable information, unbiased analyses, and objective recommendations on how best to use government resources in support of the well-being of our island and its constituents.

Under Title 1 of the Guam Code Annotated (GCA) §1908, the Public Auditor shall annually audit or cause to be conducted post audits of all the transactions and accounts of all departments, offices, corporations, authorities, and agencies in all of the branches of the government. The Public Auditor may conduct or cause to be conducted such other audits or reviews as he deems necessary.

Further, 1 GCA §1921 authorized the Public Auditor to supervise audits or, at the Public Auditor's discretion, perform audits of autonomous agencies and other instrumentalities of GovGuam.

In addition to its financial oversight responsibilities and audit activities, since October 2016, supplementary legislative mandates have been enacted requiring the OPA to (1) audit specific government-related activities; (2) become a member of certain oversight commissions and committees; (3) prepare and submit certain reports periodically; (4) receive various reports and other information from affected GovGuam agencies; and (5) fulfill miscellaneous duties (i.e., postings to a website, broadcasting meetings, and developing standards).

Results of Audit

During the past six years, from October 2016 to September 2022, 79 legislative mandates have expanded the OPA’s primary duties and responsibilities. These additional mandates have increased the number of active legislative mandates to 120. Of these 79 mandates identified:

- 12 required the OPA to conduct audits;
- 42 required the OPA to provide oversight, approve, or conduct a specific activity;
- One required the OPA to be a member of a committee, group, or task force; and
- 24 required various GovGuam agencies to submit reports and other information to the OPA.

Of the 79 mandates, 67 (or 85%) have been closed primarily due to following five reasons:

- (1) Mandates addressed by the OPA;
- (2) Agencies submitted the required reports;
- (3) Mandates were determined to be not the best use of the OPA’s limited resources based on our professional judgment;
- (4) Deadlines to submit the required audits or conduct the specific activities have lapsed; or
- (5) Mandate repealed by the Guam Legislature or became defunct.

In addition, seven mandates were determined to be not applicable in the analysis. While the mandate was passed during the scope, the due date requirement is unable to determine compliance until a later date. For a breakdown of the OPA’s legislative mandates status, see Table 1.

OPA Audit Mandates

Notwithstanding 1 GCA §1908 requiring the OPA to conduct audits of all transactions and accounts of all departments, offices, corporations, authorities, and agencies in all branches of GovGuam, various public laws during the past six years have also required the Office to conduct 12 specific audits of government activities.

Of the 12 audit mandates, nine are closed, and three remain open. See Table 2 for the three audit mandates that remain open. Given the OPA’s limited resources, the Office is assessing the feasibility of conducting the audits.

Table 2: Open Audit Mandates

	P.L. #	DESCRIPTION	Status
1	35-102	School-Located Vaccination Program	OPEN
2	36-36	Customs Forfeiture Fund	OPEN
3	36-64	Opioid Recovery Trust Fund	OPEN

Of the 12 specific audit mandates, nine are closed, and three remain open. The nine closed audit mandates require continuous attention, with five mandates categorized as periodic and four mandates categorized as ongoing. The five mandates listed as periodic have to be conducted repeatedly (performed monthly, quarterly, annually, or biennially). In contrast, the four mandates listed as ongoing did not provide any timeline to complete and are continuously hanging, even when addressed. The three open audit mandates, categorized as periodic, remain unaddressed at the moment, given our limited resources. The OPA is assessing the feasibility in performing all 12 of the specific audit mandates.

Of the nine closed audit mandates, five are periodic, and four are ongoing. Of the two categories, they are recurring mandates requiring continuous attention. The mandates categorized as periodic are determined to be those repeatedly conducted (performed monthly, quarterly, annually, or biennially). In contrast, ongoing mandates were not given a timeline to complete and are continuously hanging, even when addressed.

Periodic Audit Mandates That Have Been Closed

The OPA addressed the five periodic mandates during the audit scope. In four of the mandates, the OPA remained compliant; however, the Office could not address the remaining one mandate due to the lack of resources and workforce to conduct the audit. See Table 3.

4	35-86	Federal and Local Assistance Programs related to the COVID-19 Pandemic
	Non-Compliance	
5	35-63	Inmate Commissary

**Addressed through the annual financial audits*

Of the five periodic mandates, annual financial audits addressed two mandates conducted by outsourced independent Certified Public Accounting firms and are therefore closed. Furthermore, OPA conducted two audits internally, the Guam Island Fair and Liberation Day Carnival in OPA Report No. 20-07, and the Federal and Local Assistance Programs Related to the COVID-19 Pandemic with OPA Report Nos. 20-08, 21-02, and 21-04. The one remaining audit mandate could not be addressed, as it was determined that fulfilling the mandate would not be the best use of the OPA's limited resources to continue to conduct the recurring audit. Therefore, said mandates have been closed for its required time frame. OPA will revisit the mandate and discuss including the mandate in future audit work plans.

Ongoing Audit Mandates That Were Closed

OPA addressed four audit mandates, requiring audits to be conducted without a specific due date. OPA completed three of these mandates but did not address the remaining one mandate due to inactivity of the Guam Film Office Fund. See Table 4.

Remaining Audit Mandates

As codified in Guam statute, there are additional audit mandates requiring the OPA to complete an audit. Those addressed and contained in the database before FY 2017 include an additional 16 mandates. Of these 16 mandates, the OPA has continued to remain compliant or partially-compliant with six of these mandates. Due to the inability to allocate the OPA’s resources for the project, two mandates remain unmet. Eight mandates are not applicable due to the following reasons: 1) no timetable or deadline given to complete mandate; 2) an audit is ongoing; 3) fund/program/operation/mandate was not implemented or is inactive; or 4) planned discussion for inclusion into the OPA’s annual audit plan. As a result, this brings a total of 28 active audit mandates for the OPA, with seven of these mandates, at present, addressed through annual financial audits. See Table 5 for the listing of additional audit mandates.

**Addressed through the annual financial audits*

In CY 2021, the OPA released nine performance audits, oversaw 28 financial audits, and adjudicated 15 procurement appeals. In addition to the nine performance audits, Guam statutes mandate the OPA to conduct as many as 21 additional audits within the year. The OPA scarcely manages to allocate time and resources to address many of these mandates. We recommend the Guam Legislature revisit these periodic and ongoing mandates and repeal those considered inactive to determine if the mandates not addressed continue to require attention.

Other OPA Mandates

The OPA serves as a watchdog or guardian to ensure the effective administration and management of public funds and programs. Aside from conducting audits, 42 mandates have expanded the Office’s roles and responsibilities from October 2016 to September 2022. Mandates include: providing oversight of audits, broadcasting meetings, developing standards, posting to our website, submitting reports, etc. Full descriptions of these mandates can be found in Appendix 4.

Of the 42 mandates, 37 (or 88%) have been closed, with the remaining five pending completion post-audit. See Table 6.

See Appendix 4 for the list of these mandates and their statuses.

Highlighted below are some of the responsibilities given to the Office in addition to conducting audits discussed in the section titled Additional OPA Audit Mandates.

Oversight

There are 25 mandates requiring the OPA to provide oversight, ranging from supervision over various financial audits, observation of procurement processes, certification of funds, etc. Of the 25 mandates, 20 have been closed. Pursuant to 1 GCA §1908, the Public Auditor shall annually audit or cause to be conducted post audits of all the transactions and accounts of all departments, offices, corporations, authorities, and agencies in all of the branches of GovGuam. The Public Auditor may conduct the audit through the office's staff or may retain the services of an independent audit firm or organization, which audit shall be under the direction and supervision of the Public Auditor.

In addition, 1 GCA §1921 authorizes the Public Auditor to supervise audits, or at the Public Auditor’s discretion, perform audits of autonomous agencies and instrumentalities of GovGuam.

The OPA has supervised the annual financial audits of GovGuam, the Tourist Attraction Fund, and the Guam Highway Fund for several years; therefore, these mandates have been addressed.

PL 36-54 is the latest public law that added and repeated the following four oversight mandates to the Office:

Table 7: List of Closed Oversight Mandates

	P.L. #	DESCRIPTION
1	36-54	Government of Guam's Basic Financial Statements and Single Audit Report
2	36-54	Ensuring the Government of Guam Financial Audit contains: (a) a schedule of personnel count indicating the number of filled positions by department, fund source, and amount expended as of September 30, 2021; and (b) a combined schedule of expenditures, encumbrances, and continuing appropriations by department, fund source, and object classification as of September 30, 2021.
3	36-54	Tourist Attraction Fund Financial Statement and Single Audit
4	36-54	Guam Highway Fund Financial Statement and Single Audit

These four mandates were carried over from the previous fiscal year's budget acts in PL 34-42, 34-116, 35-36, and 35-99, totaling 20 separate mandates and have been closed with the completion of the FY 2021 financial audits. These mandates have been re-authorized by PL 36-107. For FY 2022, the annual audit of the Healthy Futures Fund will replace the annual financial audit of the Guam Highway Fund, as a result of the bond covenants that previously required the financial audits concurrent with the repayment of the bond covenants, several years ago.

Further, an additional mandate was required, creating oversight and improving the independence of the OPA, in which the new mandate requires that autonomous agencies or instrumentalities of GovGuam shall deposit an amount equal to the cost of their respective audits into an account created by the Department of Administration to fund the annual audit pursuant to the date(s) set forth by the Public Auditor. The Public Auditor shall administer said funds and shall oversee the annual audit. The mandates under PL 36-107 were not applicable due to the scope of this report, and will be satisfied with the completion of the FY 2022 financial audits of GovGuam agencies occurring mid-FY 2023. See Table 8.

OPA Procurement Appeals

There was only one oversight mandate prior to FY 2017. PL 28-68, signed into law in September 2005, introduced a major change to the OPA's responsibilities as it transferred the authority to hear and decide all appeals of procurement decisions, formerly the responsibility of the Procurement Appeals Board. This provided an expeditious review for vendors who feel they may have been aggrieved by the procurement process. Prior to September 2005, all procurement appeals were referred directly to the Superior Court.

From FY 2017 to FY 2022, there were a total of 61 procurement appeals filed with the OPA, an annual average of nine appeals. The appeals filed resulted in 22 decisions and 39 dismissals.

Of the 61 appeals, the top five agencies with the most appeals filed were the General Services Agency (12 appeals), Guam Power Authority (10 appeals), Guam Department of Education (6 appeals), Department of Public Works (5 appeals), and an equal amount from the University of Guam (4 appeals) and the Guam Community College (4 appeals). See Table 9 for the number of appeals filed per agency.

10	Guam Solid Waste Authority	1		Total	61

*Two appeals were filed in conjunction with the Department of Revenue and Taxation and Port Authority of Guam, respectively.

The OPA strives to resolve appeals within 90 to 120 days of when an appeal is filed and to issue decisions within 30 days upon the conclusion of the appeal hearing. Due to the complexity of some of the appeals, the availability of the parties in each of the appeals, and competing audit priorities, OPA does not always meet these timelines.

Broadcast Meeting

A mandate expanding the OPA’s responsibility of broadcasting public meetings has been closed. PL 36-34 states, “except for executive sessions and other meetings expressly authorized by law to be closed, regular and special meetings of a public agency shall be broadcast via video live streaming applications as announced in the notice of meeting and on the agency's website. Any action of a public agency taken at a meeting is void and of no effect, if the public agency failed to comply with the public notice of agenda matters to be discussed pursuant to § 8107(d) of this Chapter or failed to comply with the broadcasting requirement pursuant to § 8013(d) of this Chapter. Boards and commissions shall broadcast regular and special meetings via video live streaming applications.”

The OPA does not conduct public meetings which meet the criteria as stated in PL 36-34. Although the Office engages in procurement appeals, these meetings are not made public due to the proprietary, confidential, and permitted/withheld information communicated during these meetings. Therefore, the OPA remains compliant with this mandate.

Develop Standards

Pursuant to PL 36-25, the Public Auditor shall develop standards for the Ethics in Government program until the Guam Ethics Commission is appointed and functioning, at which time the Commission shall assume authority to develop the standards. Should the Guam Ethics Commission not be empaneled for at least six consecutive months, the Public Auditor will still have the authority to develop standards for the ethics program until the Guam Ethics Commission is impaneled. This mandate was closed with the empanelment of the Guam Ethics Commission in May 2021 pursuant to PL 36-28.

Ethics Training

Additionally, PL 36-25 requires all GovGuam employees to attend the Ethics in Government program within the first six months of their employment. Employees are to take a refresher course in ethics once every four years. OPA Report Nos. 06-08 and 21-05 reviewed the compliance of GovGuam officials in attending the ethics in government program. This mandate has been addressed, as all OPA staff have completed the ethics in government program as of June 2022.

Postings to OPA Website

Pursuant to PL 34-05, Standard Operating Procedures (SOPs) shall be posted on each GovGuam agency's website for public view. This mandate has been addressed, as the OPA's SOPs are on its website.

Submit Report

There are 14 mandates that require the OPA to submit reports to the Speaker of the Guam Legislature, the Guam Ethics Commission, the Office of Finance and Budget, and/or the Public Auditor. All mandates have been addressed, with the OPA submitting required reports and/or documents. Of these mandates, two have been repeated in fiscal year budget acts: Off-Island Government Travel (Publicly Funded), totaling five times and Staffing Pattern, totaling five times. Listed in Table 10 are the 14 submit report mandates.

*C stands for "Compliance," and PC stands for "Partial-Compliance"

The OPA has remained compliant and partially compliant for all listed mandates above. In all instances of report submissions, the Office has been compliant 13 times and partially-compliant seven times. Partial compliance was for the mandates regarding small purchases reports and projected forecast expenditure reports being submitted untimely.

Prior to FY 2017, there were three additional mandates that the OPA maintains compliance with as well. See Table 11 below.

OPA Membership Mandates

There was one new OPA legislative mandate requiring the Public Auditor (or representative) to be a member of an organization, committee, etc. PL 35-29 required the Public Auditor to take part in the Appeals Board for schools acknowledged as Charter schools by the Guam Academy Charter Schools Council. As of October 2022, there are four Charter schools in Guam, 1) Guahan Academy Charter School, 2) iLearn Academy Charter School, 3) Science is Fun and Awesome Academy Charter School, and 4) Career Tech High Academy Charter School. This mandate has been closed, as the Board is currently inactive. The Office has reached out to the Guam Academy Charter Schools Council to see if there has been any activity but have not received a response as of the issuance of this report. See Table 12 for a list of OPA membership mandates.

Table 12: OPA Membership Mandates

P.L. #	DESCRIPTION

Prior to FY 2017	
2 29-02	Special Economic Service
3 30-164	Guam Department of Education Financial Supervisory Commission
4 33-27	Guam Tax Commission

The status of OPA membership mandates prior to FY 2017 includes two closed and one open. Mandates that have been closed are PL 29-02 and 30-164, while PL 33-27 remains open. The stated mandates closed are due to the Public Auditor remaining as a member of the Special Economic Service (PL 29-02), and as far back as October 2016, representatives from the Office of Public Accountability attended the monthly Guam Educational Financial Supervisory Commission meetings [PL 30-164]. As for PL 33-27, this mandate remains open, because the Public Auditor has not been made aware of any meetings or activities concerning this Commission. However, the

OPA requested additional information from the Guam Tax Commission. The Public Auditor remains an active member of all mandates requiring the OPA’s membership.

See Appendix 5 for a full description of the four membership mandates.

Reports Required from GovGuam Agencies & Other Organizations

In an effort to become more transparent and accountable to its citizens, GovGuam entities have been required to submit various financial reports and other information to the Public Auditor and other designated officials. The number of these required reports has grown over time. Since October 2016, a total of 24 mandates have imposed reporting requirements on GovGuam entities. This has increased the number of active mandates for GovGuam agencies to submit reports and other information to the OPA to a total of 40. These reports included items such as the agencies’ citizen-centric reports, monthly/quarterly expenditures, activities of Funds, financial statements, and other miscellaneous documents.

Of the 24 new mandates, 20 have been closed, two remain open, and two are not applicable to the timeline of this audit. Nine of these mandates were periodic, while 14 were one-time instances, effective only during the calendar/fiscal year of when the public law was enacted. One mandate is ongoing or continuous. We further analyzed the 24 mandates based on the GovGuam agencies’ compliance with the mandates. See Appendix 6 for the list of these 24 mandates, their statuses, and whether the responsible agencies were in compliance with the mandates.

As for the reporting requirement overall compliance of various GovGuam agencies, there were eight instances of compliance, three instances of being partially compliant, 23 instances of non-compliance, and four instances that are not applicable, as two submissions are not yet due, and two mandated submissions require the possibility of conducting an audit to determine compliance. The instances of non-compliance were of a large margin, 61% of the total 38 instances. See Table 13 for the status of agencies’ compliance.

Table 13: GovGuam Agencies’ Compliance with Reporting Requirements [FY 2017 – 2022]

Compliance	Partial Compliance	Non-Compliance	N/A	Total
8	3	23	4	38

The top non-compliant agencies were the Department of Parks & Recreation, the CHamoru Land Trust Commission, and the Guam Department of Education. While the Department of Parks and Recreation has the highest total instances of non-compliance, they are also the agency that has the most mandates required of them. Compared to other agencies, there are others who have fewer mandates required of them to fulfill. See Table 14.

Below are some examples of what these mandates entail.

Procurement Training Compliance Reports

During the scope of our audit, the most significant reporting mandate passed was PL 36-11, giving the OPA the responsibility to receive and maintain Procurement Training Compliance Reports. These reports are to be submitted no later than thirty (30) days after the end of each fiscal year by every GovGuam agency. At a minimum, these reports should include the following information: list of employees by name, job title, procurement training module(s) completed, and date(s) of training completion. The OPA strives to ensure that GovGuam agencies meet the requirements for reporting as well as obtain the necessary procurement training modules pursuant to 5 GCA §5141.

Annual Report for Comprehensive Plan

Another mandate passed was PL 35-110, requiring GovGuam entities to submit annual reports, inclusive of an executive summary, to the OPA no later than January 30 of each year. These reports are to discuss entities and their progress in achieving the objectives and goals put forth in the *Guam Comprehensive Development Plan*. Afterward, the Office is to submit a compilation of the reports to the Guam Legislature and publish the complied report on its website by March 30 of each year. Currently, the OPA is in the process of determining the compliance for all GovGuam agencies, with a possible plan to perform a compliance audit.

Financial Reports

A majority of the mandates involved receiving various financial reports ranging from expenditures, operations, and funds. The frequency in which we receive reports varies from monthly to quarterly and/or annually. Twenty-one mandates were passed from FY 2017 to FY 2022, adding to the many other required financial report mandates. Some of the mandates from prior years required GovGuam agencies to prepare and submit reports – such as the entities’ staffing patterns, financial statements, and prior year obligations – to the OPA, the Governor, and the Speaker, as well as post the information on their respective websites on a quarterly basis.

Additional Receive Report Mandates

Prior to the scope of this audit, the OPA had other significant mandates that involved the following:

Citizen Centric Reports

PL 30-127, signed into law in April 2010, requires that all GovGuam entities submit a Citizen-Centric Report (CCR) to the OPA within 60 days after their respective financial audits have been released. While most GovGuam entities submitted their CCRs to the OPA and the Speaker of the

Legislature, as well as posted them on their respective websites, not all entities complied with the requirement. The OPA conducts an audit periodically to assess the compliance of all GovGuam agencies. Refer to OPA Report Nos. 17-07 and 21-07 for the entities' compliance with this mandate during the scope period.

Board Meeting Recordings

The minutes of every public agency's meeting shall be promptly and fairly recorded, shall be open to public inspection and shall include but not be limited to a record of all motions, proposals and resolutions offered, the results of any votes taken, and a record of individual votes in the event of roll call. To the extent that it may do so without violating 5 GCA §8103, an agency may also maintain a record of persons present at a meeting. These measures ensure transparency between the people of Guam and the public agencies which serve them. This law was added by PL 31-233, effective September 2012. The OPA continues to receive and post board meeting recordings on its website.

GovGuam Emergency Expenditures Reports

PL 27-06, signed into law in April 2003, requires the Governor of Guam to submit a report to the OPA of all expenditures authorized by emergency declaration within five days of such transactions. The Office of the Governor of Guam needs to provide and report these transactions to our office consistently. For example, in March 2020, the Governor of Guam issued Executive Order No. 2020-03, declaring a state of emergency to respond to the novel coronavirus. Departments and agencies were instructed to keep appropriate documentation on all emergency expenses authorized through the Executive Order for inspection by the Executive and Legislative Branches and by the Public Auditor. The Office does not have any records of receipt of any expenditure reports for such transactions during the state of emergency, outside of those involved in our COVID-19 related audits.

Overall Reporting Mandates of GovGuam Agencies

As a result, the OPA has 40 total mandates to receive reports from GovGuam agencies and other organizations. In total, the overall compliance of various GovGuam agencies related to reporting requirements was: 96 (or 63%) instances of compliance and partial compliance, 49 (or 32%) instances of non-compliance, and 8 (or 5%) instances that are not applicable. See Table 15 for the status of agencies' compliance.

Table 15: GovGuam Agencies' Compliance with Reporting Requirements [2001-2022]

Compliance	Partial Compliance	Non-Compliance	N/A	Total
69	27	49	8	153

The top two non-compliant agencies were: [1st] Department of Parks & Recreation and Guam Board of Accountancy; [2nd] Office of the Governor of Guam, the CHamoru Land Trust Commission, The Foundation for Public Education, and the Guam Department of Education. See Table 16.

Table 16: Instances of Non-Compliance from GovGuam Agencies [2001-2022]

T4	Guam Environmental Protection Agency	1	18	2
T4	Mayor's Council of Guam	1	7	1
T4	Office of Public Accountability	1	2	2
	Total	49		

Generally, GovGuam entities complied with the various mandates to prepare and submit reports to the OPA. With the many reporting requirements, we suggest the elimination of written report submissions by GovGuam agencies and limiting the reporting requirements to website posting at the agency level and email notifications to the required parties (i.e., Governor, Speaker, Public Auditor, etc.) with attachments. Providing financial information on websites is more efficient and effective in enhancing accountability and promoting transparency in the government. If the OPA is still required to hold oversight or manage these mandates, we recommend that there be an incentive or way for agencies to comply. At the moment, there is no compelling reason for any other agency to submit these reports on time or at all.

Conclusion

A review of the legislative mandates imposed on the OPA from October 2016 to September 2022 revealed that the Office addressed many of the requirements to conduct audits, prepare and submit reports, perform other functions, and retain membership within various committees. In addition, GovGuam entities generally complied with the various mandates to prepare and submit reports and other information to the OPA.

In the six years since the OPA's follow-up review of its legislative mandates, 79 additional mandates have been enacted, expanding the Office's role and responsibility. The Office addressed 85% or 67 of these mandates. While the Office recognizes the Legislature's prerogative to expand the OPA and other government agencies' roles and responsibilities, these mandates are difficult to address without time, staffing, and resources. Despite this, the OPA strives to address as many mandates given its current staff complement. Accordingly, the Public Auditor and his management team continue to assess risks and exercise professional judgment when prioritizing mandates to address.

In addition, the following are recommended:

- The Guam Legislature revisits ongoing/periodic mandates and repeals those that are inactive, and determines if those that haven't been addressed require attention;
- The elimination of written report submissions by GovGuam agencies and limit the reporting requirements to website posting at the agency level and email notifications to the required parties (i.e., Governor, Speaker, Public Auditor, etc.) with attachments.
- If the OPA is still required to hold oversight or manage these mandates, we recommend that there be an incentive or way for agencies to comply. At the moment, there is no reason for any other agency to submit these reports on time or at all.

Appendix 1:**Objectives, Scope, and Methodology**

Objectives

Our objectives of our follow-up review of legislative mandates were to determine: (1) the status of Legislative Mandates that expanded OPA's roles and responsibilities and (2) the compliance of GovGuam agencies in relation to those requirements as of September 2022.

Scope

The scope of our review is from October 2016 to September 2022.

Audit Methodology

Our review methodology included:

- Review of GovGuam laws and regulations as they pertain to OPA;
- Review of prior audits;
- Review of hotline tips;
- Review of other information pertinent to GovGuam agencies and their respective reporting requirements involving OPA;
- Review of reports submitted to OPA in relation to the GovGuam agencies' compliance with identified mandates;
- Notifying agencies deemed partially compliant or non-compliant to request the required reports, citing the specific public laws and the areas in which the agencies can improve.

Except for the determination of the status of legislative mandates that expanded OPA's roles and responsibilities, we conducted this compliance audit in accordance with the standards for performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. These standards require that we plan our audit objectives and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our objectives.

Appendix 2:
Prior Audit Coverage

This is the second comprehensive report of the legislative mandates imposed on OPA. The first report was released on January 2017.

Report No. 17-01: Office of Public Accountability's Status of Legislative Mandates

During the past 16 years, from January 2001 to September 2016, 90 public laws with 173 separate mandates have expanded the Office of Public Accountability's (OPA) primary duties and responsibilities. Of the 173 mandates:

- 45 required OPA to conduct audits;
- 1 required OPA to hear and decide procurement appeals;
- 63 required OPA to provide oversight, approve, or conduct a specific activity;
- 10 required OPA to be a member of a committee, group, or task force; and
- 54 required various Government of Guam (GovGuam) agencies to submit reports and other information to OPA.

There are 153, or 88%, of the 173 mandates that have been closed, primarily because (1) the mandates were addressed by OPA, (2) the agencies submitted the required reports, (3) the mandates were not the best use of OPA's limited resources based on our professional judgment, or (4) the deadlines to submit the required audits or conduct the specific activities have lapsed. Of the 119 mandates that require specific OPA action other than to receive reports or other information from another organization, five remain open because OPA is assessing the feasibility of fulfilling the mandates.

In the 16 years since the elected Public Auditor took office, 173 additional mandates have been enacted expanding OPA's role and responsibility. We have addressed 88% or 153 mandates. While we recognize the Legislature's prerogative to expand OPA and other government agencies' roles and responsibilities, many mandates are difficult to address without funding. Despite this, OPA strives to address as many mandates with our limited resources. Accordingly, the Public Auditor and her management team continue to assess the risks and exercise professional judgment when prioritizing which mandates to address.
