...To Protect Life & Property, Prevent Crime, Enforce Laws, and Maintain order...

Mission Statement

The Guam Police Department exists to serve the community by protecting life and property; by preventing crime; by enforcing the laws; and by maintaining order for all citizens.

Central to our mission are the values that guide our work and decisions, and help us contribute to the quality of life on Guam.

Our values are characteristics or qualities of worth. They are non-negotiable. Although we may need to balance them, we will never ignore them for the sake of expediency or personal preferences.

We hold our values constantly before us to teach and remind us, and the community we serve, of our ideals. They are the foundation on which our policies, goals, and operations are built.

In fulfilling our mission, we need the support of citizens, elected representatives and island officials in order to provide the quality of service our values commit us to providing.

We, the men and women of the Guam Police Department, value: Human Life, Integrity, Laws and Constitution, Excellence, Accountability, Cooperation, Problem Solving, and Ourselves.

History

On August 14, 1905, Guam's first true local policing effort was established under the control of the United States Navy. The first policemen were natives of Guam. These brave and heroic men were members of the Insular Patrol Force as part of the Guam Insular Guard. The U.S. Navy later augmented the police force with members of the U.S. Marines stationed on Guam.

In 1952, the Department of Public Safety was established as a carryover from the U.S. Government-controlled Guam Insular Guard. The 1950 Organic Act of Guam paved the way for Guam's self-government, hence, the formulation of the Government of Guam. The Department of Public Safety was entrusted the authority to enforce the laws of the territory and federal statutes applicable to Guam. Furthermore, the Department was responsible for the administration and operation of the former Guam Penitentiary and Fire Division.

Effective March 13, 1985, pursuant to Public Law 17-78, the Department of Public Safety was separated into two departments—the Guam Police Department and the Guam Fire Department.

Future Plans for the Department

The Guam Police Department continues to face many challenges, however, one of our biggest challenges is to meet the increasing demand for police services. It's inevitable the growth of our population as we anticipate the U.S. Military buildup. With the buildup, we can expect a greater number of calls for emergency and non-emergency services. The arrival of more people to the island will require a larger civilian support staff and police force, updated and dependable communications systems, emergency response vehicles and equipment, and many other needs to sustain and maintain an operationally sound Department.

Another matter of concern for our police department is the fact that our headquarters, administration, support and operations divisions still do not have a permanent home. The Department just recently began moving out of its current location on Central Avenue, Tiyan, to Mariner Avenue on the opposite side of Tiyan. The move is necessary as the A.B. Won Pat Guam International Airport continues its expansion of airport property and facilities.

These concerns should prompt an appropriate call for action to furnish our Department with an adequate budget so we can improve the overall quality of service our officers and support staff provide to the community. Nonetheless, the men and women of the Guam Police Department stand ready to Protect and Serve our island home.
