REF: Delivery Standards

Dear Chris Biolchino,

Thank you for your inquiry regarding First Class Mail (FCM) delivery standards.

The United States Postal Service published the following delivery standards for First Class Mail:

- FCM traveling locally — within a 3-hour drive between originating and destinating processing facilities — will maintain its current delivery standard of 2 days or less.
- Mail traveling the greatest distances will be the most impacted. Current FCM 3-day volume will be subject to a 3-, 4-, or 5-day standard depending on the distance between origin and destination.
- When sending mail long distance, mail early — If it would take you more than a day to drive your mail to its destination, make sure to give your long-distance mail some extra time to travel with USPS.

Due to distance and transportation limitations/ availability to Guam, these standards may be exceeded by several days.

You can be assured that local mail (Guam to Guam) continues to be processed daily and has a average delivery time of next-day.

If you have questions or concerns, please contact me at 671-734-3921 or tammy.g.schoenen@usps.gov.

Thank you for choosing the United States Postal Service.

Sincerely,

Tammy Schoenen
