The Board of Directors
Guam Economic Development Authority

We have performed an audit of the financial statements of Guam Economic Development Authority (the Authority), a component unit of the Government of Guam, as of and for the year ended September 30, 2025, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and have issued our report thereon dated June 4, 2026.

This report summarizes our communications with those charged with governance as required by our professional standards to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process.

REQUIRED COMMUNICATIONS

Professional standards require the auditor to provide the Board of Directors (the Board) with additional information regarding the scope and results of the audit that may assist the Board in overseeing the financial reporting and disclosure processes which the management of the Authority is responsible. We summarize these required communications as follows:

Overview of the planned scope and timing of the audit

Our audit scope and timing is consistent with the plan communicated in our engagement letter dated February 13, 2024 and at our audit planning meeting with management.

Auditors' Responsibilities under Auditing Standards Generally Accepted in the United States (US GAAS) and Generally Accepted Government Auditing Standards (GAGAS)

The financial statements, required supplementary information and supplementary information are the responsibility of the Authority's management as prepared with the oversight of those charged with governance. Our audit was designed in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, to obtain reasonable, rather than absolute, assurance that the financial statements are free of material misstatement.

An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we express no such opinion.

An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.

Our responsibilities are included in our audit engagement letter.

We issued an unmodified opinion on the Authority's financial statements as of and for the year ended September 30, 2025.

Changes to the audit strategy, timing of the audit and significant risks identified

Our audit strategy is consistent with the plan communicated during the October 2025 meeting.

Changes to the terms of the audit with no reasonable justification for the change

None.

Fraud and noncompliance with laws and regulations (illegal acts)

We are not aware of any matters that require communication.

Matters relevant to our evaluation of the entity's ability to continue as a going concern

We did not identify any events or conditions that led us to believe there was substantial doubt about the Authority's ability to continue as a going concern.

Our views about the qualitative aspects of the entity's significant accounting practices, including:

- **Accounting policies**
- **Accounting estimates**
- **Financial statement disclosures**

Management has not selected or changed any significant policies or changed the application of those policies in the current year.

A discussion of significant accounting policies and estimates has been included in footnote 1 of the financial statements.

Related party relationships and transactions

We noted no significant matters regarding the Authority's relationships and transactions with related parties.

Significant unusual transactions

We are not aware of any significant unusual transactions entered into by the Authority.

New accounting pronouncements

We have not identified issues regarding management's planned application of new accounting pronouncements.

- GASB Statement No. 103, *Financial Reporting Model Improvements*
- GASB Statement No. 104, *Disclosure of Certain Capital Assets*
- GASB Statement No. 105, *Subsequent Events*

Independence matters

We are not aware of any matters that in our professional judgment would impair our independence.

We are not aware of any matters that require communication.

Disagreements with management and significant difficulties encountered in dealing with management when performing the audit

There were no difficulties encountered in dealing with management in performing the audit.

Management's consultations with other accountants

We are not aware of any consultations made by management with other accountants or specialists.

Difficult or contentious matters subject to consultation outside of the audit team

None.

Material corrected misstatements related to accounts and disclosures

Refer to the “Management Representations Letter” in Appendix A.

Deficiencies in internal control over financial reporting

In planning and performing our audit of the financial statements of the Authority as of and for the year ended September 30, 2025, we considered its internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority’s internal control. Our consideration of internal control was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies might exist that were not identified.

Given these limitations, we did not identify any material weaknesses.

Representations we are requesting from management

We have obtained from management a representations letter related to the audit and a copy of the management representations letter is included in Appendix A.

Other information included in annual report

There was no other information available as of the date of our audit report.

AICPA ethics ruling regarding third-party service providers

From time to time, and depending on the circumstances, (1) we may subcontract portions of the audit services to other EY firms, who may deal with the Authority or its affiliates directly, although EY alone will remain responsible to you for the audit services and (2) personnel (including non-certified public accountants) from an affiliate of EY or another EY firm or any of their respective affiliates, or from independent third-party service providers (including independent contractors), may participate in providing the audit services. In addition, third-party service providers may perform services for EY in connection with the audit services.

Other matters

There are no other matters arising from the audit that are significant and relevant to those charged with governance regarding the oversight of the financial reporting process.

Engagement team’s involvement with preparation of the financial statements

Under GAS 2018 Revision, Chapter 3 Ethics, Independence and Professional Judgment, Paragraphs 3.73-74 explains that the audit team should make consideration of management’s ability to effectively oversee the non-audit services to be provided. The engagement team should determine that the audited entity has designated an individual who possesses suitable skill, knowledge or experience and that the individual understands the services to be performed sufficiently to oversee them. The engagement team should document consideration of management’s ability to oversee non-audit services to be performed.

The engagement team believes that this significant threat is reduced to an acceptable level upon application of the following safeguards:

- An engagement quality control review was performed by a qualified Ernst & Young Partner who was not otherwise involved in the audit.
- The preparation of the financial statements is based on the Authority’s trial balance with our understanding that the Authority’s underlying books and records are maintained by the Authority’s accounting department and that the final trial balance prepared by the Authority is complete.
- All adjusting journal entries that Ernst & Young posted to the trial balance have been approved by management of the Authority.
- The Authority’s Deputy Administrator and Administrative Services Manager has the skill sets to oversee and review the completeness and accuracy of the financial statements and footnote disclosures.

This communication is intended solely for the information and use of the Board of Directors and management and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

In connection with your audits of the basic financial statements of the Guam Economic Development Authority (the Authority or GEDA) as of September 30, 2025 and 2024 and for the years then ended, we recognize that obtaining representations from us concerning the information contained in this letter is a significant procedure in enabling you to form an opinion whether the financial statements present fairly, in all material respects, the net position, the revenues, expenses and changes in net position and cash flows of the Authority and the related notes (collectively referred to hereafter as the “basic financial statements”) in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Accordingly, we make the following representations, which are true to the best of our knowledge and belief.

Management’s responsibilities

We have fulfilled our responsibilities, as set forth in the terms of the audit engagement agreement dated February 13, 2024, for the preparation and fair presentation of the financial statements in accordance with US GAAP applied on a basis consistent with that of the preceding years.

In preparing the financial statements, we evaluated whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority’s ability to continue as a going concern for twelve months beyond the financial statement date, including consideration of any currently known information that may raise substantial doubt shortly thereafter.

We acknowledge our responsibility for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

We have provided you with:

- Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters. This responsibility includes identifying the use of new technologies or techniques

in preparing such information (e.g., the use of generative artificial intelligence), and additional details you may require regarding the use of any such technologies and techniques in order to perform your audit procedures.

- Additional information that you have requested from us for the purpose of the audit
- Unrestricted access to persons within the Authority from whom you determined it necessary to obtain evidence

We have no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

There are no material transactions that have not been properly recorded in the accounting records underlying the financial statements.

From June 17, 2025 through the date of this letter we have disclosed to you, to the extent that we are aware, any (1) unauthorized access to our information technology systems that either occurred or is reasonably likely to have occurred, including reports submitted to us by third parties (including regulatory agencies, law enforcement agencies and security consultants), to the extent that such unauthorized access to our information technology systems is reasonably likely to have a material effect on the financial statements, in each case or in the aggregate, and (2) ransomware attacks when we paid or are contemplating paying a ransom, regardless of the amount.

Uncorrected misstatements

There are no uncorrected misstatements (including the effects of correcting or reversing prior period uncorrected misstatements), or uncorrected misstatements in disclosures relating to the current period financial statements.

Independence

We have communicated to you the names of the Authority’s affiliates, as defined in the AICPA Code of Professional Conduct ET section 1.224.020 *State and Local Government Client Affiliates*, officers and directors, or individuals who serve in such capacity for the Authority.

We are not aware of any business relationship between the Authority’s and Ernst & Young LLP or any other member firm of the global Ernst & Young organization (any of which, an “EY Firm”), other than one pursuant to which an EY Firm performs professional services.

We are not aware of any reason that Ernst & Young LLP would not be independent for purposes of the Authority’s audits.

Conflicts of interest

There are no instances where any director, officer or employee of the Authority has an interest in a company with which the Authority does business that would be considered a “conflict of interest.” Such an interest would be contrary to Authority policy.

Effects of new accounting principles

We have not completed the process of evaluating the effects that will result from adopting the amendments to the codification provided in Governmental Accounting Standards Board (GASB), as discussed in Note 1.

- GASB Statement No. 103, *Financial Reporting Model Improvements*
- GASB Statement No. 104, *Disclosure of Certain Capital Assets*
- GASB Statement No. 105, *Subsequent Events*

The Authority is therefore unable to disclose the effects that adopting the amendments in the aforementioned GASB Statements will have on its financial position and the changes in its financial position when such statements are adopted.

Required supplementary information

We acknowledge our responsibility for the required supplementary information on the management’s discussion and analysis on pages 5 through 23, the schedule of proportionate share of net pension liability on pages 71, 73, and 75, the schedule of contributions on pages 72, 74, and 76, and the schedule of proportionate share of other postemployment benefits liability on page 77,

which have been measured and presented in accordance with the guidelines established by the Governmental Accounting Standards Board in its applicable GASB Statement.

There have been no changes in the methods of measurement or presentation of the required supplementary information from those used in the prior period.

We are responsible for the significant assumptions and interpretations underlying the measurement and presentation of the required supplementary information. We believe that the significant assumptions and interpretations used are reasonable.

Supplementary information

We are responsible for the preparation and fair presentation of the following schedules (the “Supplementary Information”):

- Supplemental Comparative Divisional Schedules of Net Position
- Supplemental Comparative Divisional Schedules of Revenue, Expenses and Changes in Net Position
- Supplemental Comparative Divisional Schedules of Cash Flows
- Supplemental Schedule of Salaries and Wages

We believe the supplementary information, including its form and content, is fairly stated in all material respects.

There have been no changes in the methods of measurement or presentation of the supplementary information from those used in the prior period.

There are no significant assumptions or interpretations underlying the measurement or presentation of the information.

Other information

We confirm that we have not identified any other information as defined in AICPA AU-C 720, *The Auditor’s Responsibilities Relating to Other Information Included in Annual Reports*.

Other representations.

- Our policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available is appropriately disclosed and net position was properly recognized under the policy.
- The Authority has obligated, expended, received and used public funds in accordance with the purpose for which such funds have been appropriated or otherwise authorized by the Guam or federal law. Such obligation, expenditure, receipt or use of public funds was in

A – Management Representations Letter, continued

accordance with any limitations, conditions or mandatory directions imposed by Guam or federal law.

- Money or similar assets handled by the Authority on behalf of the Government of Guam or Federal Government have been properly and legally administered and the accounting and recordkeeping related thereto is proper, accurate and in accordance with law.
- In 1991, Public Law 21-59 was enacted to establish a bonus system for employees of the Government of Guam, autonomous agencies, public corporations and other public instrumentalities of the Government of Guam who earn a superior performance grade. The bonus is calculated at 3.5% of the employee's base salary beginning 1991. The Authority has determined that is not subject to the law as its employees are not classified and as such, has not paid or recorded any merit bonus through the date of this letter.
- We have determined that any legal settlements related to the Authority's role as a project management office for the Government of Guam (GovGuam) would be recorded by GovGuam.
- We believed that the amount of grant revenues recognized for administering those various programs of GovGuam, such as Childcare Development Fund and Interagency Grant Agreement - Mangilao Medical Campus were reasonable and were based on an agreed specific percentage between the Authority and GovGuam which ranges from 1% to 10% of the actual grant award amount.

We also determined that the grant revenues were eligible expenditures to be charged to those programs that we administered on behalf of GovGuam.

Management concluded that grants related to the administration of the programs does not subsidize its existing program and that the assistance of running certain aspects of such programs is part of GEDA's operations.

Other matters

We have received a draft copy of our financial statements as of and for the years ended September 30, 2025 and 2024. The accuracy and completeness of the financial statements, including footnote disclosures, are our responsibility.

You have assisted in the preparation of our financial statements based on information in our trial balance and accounting records. It is our understanding that:

- Our underlying books and records are maintained by our accounting department and that the final trial balance prepared by us is complete and,
- All adjusting journal entries posted to the trial balance have been approved by us (Please refer to Appendix A), and

- We have designated a competent representative to oversee your services and that our personnel have sufficient financial competence who are able to challenge and review the completeness and accuracy of the financial statements, including footnote disclosures.

We have reviewed the draft financial statements for accuracy and completeness.

We acknowledge that we have reviewed them and taken responsibility for them.

Subsequent events

Subsequent to the latest statement of net position date, no events or transactions have occurred or are pending that would have a material effect on the basic financial statements at that date or for the period then ended, or that are of such significance in relation to the Authority's affairs to require mention in a note to the basic financial statements in order to make them not misleading regarding the financial position, changes in financial position and, where applicable, cash flows of the Authority. Please refer to Appendix B.

We understand that your audits were conducted in accordance with auditing standards generally accepted in the United States as established by the American Institute of Certified Public Accountants and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and were, therefore, designed primarily for the purpose of expressing an opinion on the basic financial statements of the Authority and that your tests of the accounting records and other auditing procedures were limited to those that you considered necessary for that purpose.
