

6. On May 3, 2010, I received a hand-delivered letter from Eons' president, Frank Wu, requesting a "re-evaluation" of the bids because Eons was the lowest bidder. See attached Exhibit "B."
7. I interpreted Mr. Wu's May 3, 2010 letter as a request to review the different bid proposals again, possibly looking for errors. I am familiar with the protest requirements of 2 G.A.R. § 9101(c). I did not interpret this letter as a formal protest because it did not meet the protest requirements. I know there are special procedures to follow when a party files a protest, but this letter did not say it was a protest, and was too vague and informal to trigger the special procedures of a protest. Additionally, I did not interpret this letter as a request for reasons why GCC rejected Eons' bid, because the letter didn't ask for reasons.
8. I reviewed the various bid proposals again as Mr. Wu requested and reached the same decision as I previously reached.
9. I drafted a letter to GCC's President, Mary Okada, on May 10, 2010 saying that GCC evaluated the bids based on the lowest, responsive and responsible bid. See attached Exhibit "C."
10. There was a delay obtaining President Okada's signature on the letter, and it was mailed and post-marked on May 21, 2010.

Dated this 2nd day of June, 2010.
