COMES NOW undersigned counsel on behalf of Data Management Resources, LLC in the above-captioned matter.

As instructed by Hearing Officer A.E. Camacho at the status hearing on July 26, 2011, counsel for the Appellant should, as soon as practicable, advise the Office of Public Accountability (OPA) of any missing records from the Procurement Record submitted by BIT.

Upon review of the Procurement Records provided by digital means to Appellant on July 26, 2011, it has come to the attention of counsel that certain voice recordings have not been made a part of the record. Particularly, upon review of the digital files, the file names are preceded by the caption "WS400***_Email_". However, notably, certain numbers were missing from the record provided to Appellant, specifically, WS40098-105, 116-119, and 121-133. More importantly, after a review of the record, it appears that any voice recordings of any meeting wherein the Evaluation Committee made a determination to terminate negotiations with Appellant was also not provided as part of the Procurement Record. Respectfully,

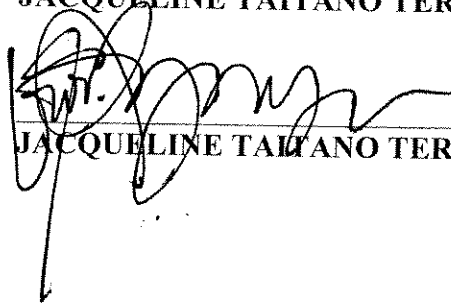

COPY

1 Appellant requests that the Hearing Officer order the Agency to remit the missing records for
2 inspection by Appellant, and any other interested party.

3 Appellant further requests that pending disclosure of the full record in this matter, the
4 Hearing Officer exercise its discretion in the interests of this administrative process and grant
5 Appellant, or any other interested party, a short continuance for filing any comment to the
6 Agency Report and its Notice or Waiver of Hearing, until an expeditious determination can be
7 made regarding the missing records. Appellant submits that possession and review of the
8 additional records may obviate the need for a hearing, and may change the scope of the
9 comments to the Agency Report.

11 Respectfully submitted on this 27th day of July, 2011.
