GTA's argument is that because their cost submitted for the 1,000 Mps is lower than any other bidder it should be awarded this item. However, the government contends that this is only one part of the overall bid form and that they did not win the overall submission for bid for bid form 11.
- (h) If the award was made after receipt of the protest. No award has been made..
- (i) A statement indicating whether the matter is subject of a court proceeding. A court proceeding related to this bid is currently in the court system. Pacific Data
