Fiscal Year 2018

Citizen Centric Report

## HISTORY

The creation of the Guam Civil Service Commission (CSC) was first contemplated in the Organic Act of Guam under §1422c, which states,

“The legislature shall establish a merit system and, as far as practicable, appointments and promotions shall be made in accordance with such merit system. The Government of Guam may by law establish a Civil Service Commission to administer the merit system. Members of the Commission may be removed as provided by the laws of Guam.” [cited in part]

However, it was not until August 7, 1967, with the passage of Public Law (PL) 9-86 that the CSC was actually created. The creation was prompted by a letter from then Governor Manuel F.L. Guerrero, which was submitted to the Ninth Guam Legislature to establish a CSC, separate from any operating department of the government in order to afford balance between the needs of the institution and rights of the employee.

FY2018 budget is identical with FY2017 at \$1,053,965.00. This was attributed to the cost saving measures for the Government of Guam. The Commission had re-establish the same budget level and was able to complete its intent. In the future If funds permit, the Commission is still considering in moving forward with new technology with Notebooks or iPads to be used by the Commissioners to view cases thus making easier and portable for each users to handle, in comparison to the reproduction of documents making it bulky and cumbersome for end user, plus the manpower required to packet the cases. This method would save the Commission thousands of dollars in reproduction cost if we revert to this technology.

## FUTURE OUTLOOK

The Commission continues to pushing forward in implementing a Paperless operation, whereas all cases will be downloaded and viewed on Notebooks/IPads or Tablets, eliminating the need for reproduction and manpower, thus saving thousands of dollars annually. This technology will surely enhance the Commission's ability to distribute vital Packets to the Commissioners as well as other players involve in the case. In addition, the Commission will still continue providing essential trainings & workshops throughout the Government Agencies as it impacts the Commission's Objectives.

# Accomplishments

With the recent purchase of a “NEW” Recording/Audio System, such direction has given a new definition to the meaning of Technology. This upgrade, has made a huge contribution in effectively capturing accurate recording of hearings and simplifying the need to do a “Re-take” or the need to “Pause” an Official Hearing due to a Recording/Audio problems.

## Administrative Law Judge

The Administrative Law Judge (ALJ) program of the Civil Service Commission (CSC) is critical to the efficient operation of the Commission. The Commission can only meet in evening and only for a few hours. Many cases are very complicated and fact intensive requiring the presentation of many witnesses. The Commission by itself cannot handle the larger more complicated cases without ending up crippled with a huge back log of cases.

That’s where the ALJ program comes in. The CSC can appoint an ALJ to hear motions and evidence saving the CSC hundreds of hours of meetings. The ALJ will make a written report to the CSC and the CSC then can adopt, reject or modify the recommendations. Appointing an ALJ also has the advantage of having a licensed attorney advice the CSC on complicated legal
