Guam Office of Public Accountability Receives Sportsmanship Trophy

The Guam Office of Public Accountability joined for the first time the annual Department of Parks and Recreation Co-Ed Volleyball League Tano Division. There were 10 teams from various GovGuam agencies that competed in the 2016 league, which started early February and ended late March.

OPA's team, Net Assets, put in hard work and commitment into the league by practicing every Friday and Sunday for more than two hours each day—sometimes on the weekdays too! Their team spirit was palpable throughout every game. Net Assets never gave up to score a point even up to the last volley of the game.

Team Net Assets ended the league happily as majority of the other nine teams voted Net Assets for the Good Sportsmanship award. Net Assets received the Sportsmanship trophy after the championship game on Monday, April 11.

OPA would like to thank Steve Terlaje, Michael Herreros and his friends, and Manny Hechanova for being involved and supportive in the league with Team Net Assets.
