

## NEWS RELEASE

### Guam Office of Public Accountability Donates to St. Dominic's

The Office of Public Accountability's (OPA) Strategic Plan includes at least one community service activity every quarter. OPA believes that by helping our community, even in the smallest way possible, our island greatly benefits. In the spirit of Thanksgiving and the Holiday Season, OPA staff collected various necessities for St. Dominic's Senior Home Care, which provides basic care to our eldest members of our community, our man'amkos.

On November 24, 2015, OPA Deputy Public Auditor Yuka Hechanova, Audit Supervisor Rodalyn Gerardo, Administrative Officer Marisol Andrade, and auditors Christian Rivera and Andriana Quitugua made the presentation to St. Dominic's Assistant Administrator Sister Victoria Cambronero.
